

Product/Service Information

SLITTER KNIFE SHARPENING

Gary Machinery, LLC

We have been supplying contractors & manufacturers for many years with component or entire lines to help with their products or services. Now we would like to help assure that your slitter is always ready to give you a good cut.

When it's time to sharpen your tooling on the slitter, send your knives back to us for a quality job. Once we get your knives, we will get back to you with the price and just how fast we can get them back to you. Now that is assurance you will be able to make good quality parts for a long time!
