

MODEL 3350DX SUPERDUTY DELUXE

The Original Gang Slitter "SuperDuty Deluxe"

The Gary Superduty Deluxe 48" Sheet Slitters offers many features like a built-in entry guide, stripper rings and intergraded scale to help the operator in setting up the cuts. The 3350DX "SuperDuty Deluxe is equipped with a ¾ HP motor with standard 110 V plug-in services to supply the torque required to cut a wide range of material thickness (16 gauge through 30 gauge) at a standard operating speed of 60 FPM. Two sets of tooling and Stripper Rings come standard on this slitter. The Stripper Rings are beneficial for light gauge pre-painted material to prevent marking the surface.

Standard features include:

- * 3" diameter cold-roll turned, ground and polished shafts mounted in dual wall ball bearings
- * Bearing are lubricated for life series
- * Gauge mounting on each side permits left or right hand operation
- * End frames have legs integrated into them for a more stable machine
- * The exclusive GARY Torsion Tube Assembly makes it a lightweight rugged unit
- * Heavy gauge steel table with a slotted top and quick-adjust entry guide
- * Slitter knives are proven GARY "Quickset" design manufactured from toolsteel
- * Knives are "reversible", intervals between sharpening is double that of a single edge knives
- * 2 sets of standard 3" x 5" x ¾" wide high-carbon tooling is included
- * 60 FPM standard operating speed
- * Heavy duty roller chain drive powered by ¾ HP gearmotor with a magnetic starter & thermal overload
- * Stripper rings to help prevent marking on pre-painted materials
- * Standard 110V -1 Phase; **OPTIONAL:** 240-480/3 phase; or Variable Speed Controller

NEED EXTRA TOOLING? We will install it for you before it ships because we manufacture the machine right here in Griffith, Indiana USA
